*An Invitation for Sponsorship*

## *Our Mission*

The Institute of Classical Architecture & Art (ICAA) is a nonprofit membership organization committed to promoting and preserving the practice, understanding, and appreciation of classical design. To do so, the ICAA offers a broad range of educational programs. These include intensives for architecture and design students, introductory programs for middle school students, lectures and walking tours for the public, continuing education courses for professionals and enthusiasts, travel programs to visit classical masterpieces, the publishing of original and reprinted books, and an annual journal entitled the Classicist. Through the annual Acanthus Awards, as well as other national and regional award programs, the ICAA also honors contemporary leaders of classical design and the related fields.
